

We are making a difference

Dear Sir/Madam

The Center for Economic Analyses - CEA, since its foundation, is committed to using its capacities, intellectual and other, to support those working for an enabling environment for higher investment, accelerated development and growth of Macedonian economy and strengthening civil society, social capital and trust. We believe that the capacity of CEA members for quantitative analyses and professional practice results in a professional institution that will strengthen public policy discussions and that can market appropriate and widely demanded products and services.

CEA has already been contracted by the Government, as well, to provide support in key areas, including fiscal decentralization, economic analysis, and assistance in filling out the EU questionnaire. We contribute to the public private dialog by providing assistance in PPP feasibility studies, tender documentations and PPP contracts as well. CEA has established a solid and respected presence in Macedonian media outlets. Strong guarantee for the quality of our work and expertise are projects and engagements in the Balkans Region and globally, such as in Iraq.

CEA's efforts with regard to design, development, and implementation of the municipality fiscal capacity, will contribute to sustainable municipality capacity building in order to increase the competencies and accountability of municipal administration, increase the participation of citizens in decision-making and ultimately, enhance empowerment at the local level.

We sincerely hope that CEA will meet our client's expectations and lead to successful implementation of the projects that we will conduct in Macedonian society and outside of Macedonia as well. My associates and I strongly believe that our researchers will deliver timely, high-quality, policy-relevant analyses. We believe we are the right team to achieve this goal and help not only the Government of Macedonia because our experience and present occupation have been and it is heavily focused on this actual topic but also the donor and business community as well. We would be pleased to provide at your convenience further information to clarify or deepen the scope of our work.

Sincerely,

Marjan Nikolov

President of CEA

"Student Essay Competition on Sustainable Development"

Project aims to spread information among students in Macedonia about sustainable development through writing essays, publishing journal with the best essays and organizing conference for promotion of the main findings from the best essays. Project is supported by the World Bank

Increasing employment of youth Roma

The main project purpose is to contribute in increasing employment by helping in implementation of the active policies for employment. CEA in partnership with Roma Resource Center delivered 2 trainings for job hunting, writing CV and Cover Letter for Roma population in Skopje. Project is supported by the City of Skopje.

Macedonian/Greek economic relations as a main pillar for prosperous neighbor cooperation in the future.

CEA organized this regional conference for enhancing economic cooperation between Macedonia and Greece. In the conference were discussed following three main topics:

1. The dynamics of economic relations between Macedonia and Greece;
2. Future effects of the economic crisis in Greece on the Macedonian Economy; and,
3. Relevance of the Think Tanks, institutes and other independent organizations for solid Macedonian/Greek economic relations.

CEA Journal of Economics is indexed in EconLit

From 2011 we have international editorial board and by indexation of our Journal in *EconLit* we received international recognition about its quality. *EconLit* includes references to articles in economics journals from all over the world, most of which are in English. Journals are selected for inclusion in *EconLit* on the basis of their peer-reviewed economic content, which must be substantial or of equal emphasis in interdisciplinary journals.

PPP feasibility study for solid waste management for Ilinden municipality

CEA prepared Public-Private Partnership (PPP) feasibility study, tender and contract for solid waste management (collection and transportation) for Ilinden municipality.

Global Integrity Report

CEA conducted research about governance and anti-corruption mechanisms in Macedonia, as a part of The Global Integrity Report. This report is developed according an innovative and award-winning research methodology and is used as a tool for understanding governance and anti-corruption mechanisms at the national level.

Open Budget Initiative

CEA answered the questioner about budget transparency process of RM, part of the Open Budget Initiative - global research and advocacy program for promotion of public access to budget information and adoption of accountable budget systems.

Preparing for and conducting field training of Kurdistan Parliament of Iraq MPs and Iraq Federal Parliament MPs

CEA prepare for and conducted field training of Kurdistan Parliament of Iraq MPs and staff and Iraq Federal Parliament MPs and staff about budget analysis. Almost 50 people (MPs and staff) were trained on how to scrutinize budget once submitted in the Parliament. NDI for international affairs engaged Mr Marjan Nikolov to conduct the training.
