Mission statements

The Mission of CEA is to continuously research economic development and public policy in the Republic of Macedonia and to offer recommendations, suggestions and measures to the government and non-governmental institutions.

CEA members share a common vision of the Republic of Macedonia as a new emerging economy integrated with regional and world markets. They devote their time, efforts and knowledge to help make this vision become a reality.

Goals of CEA:

- ✓ To provide quality policy analyses;
- ✓ To support viable economic policy in Macedonia;
- ✓ To help foster an environment that brings about higher investment, accelerated development and growth of the Macedonian economy, and EU accession;
- ✓ To achieve financial sustainability;
- ✓ To encourage regional cooperation and collaboration in the Balkans;
- ✓ To strengthen civil society, social capital and trust.

Product 1: Quarterly and Monthly economic monitoring

Contents:

- ✓ **Product Description**
- ✓ **Why do you need this?**

Product description

Developing monthly and quarterly monitoring information for the Macedonian economy is more than necessary. CEA is an organization that is able to first come up in Macedonia with overview of the Macedonian economy for the previous month and prediction for the coming period. CEA monthly/quarterly monitoring are valuable input for making decisions in institutions and companies. The monthly monitoring of the Macedonian economy is published the last week of the next month while the quarterly monitoring is published two months after the finishing of the quarter.

Why do you need this?

1. To have clear picture of the macroeconomy in the country,
2. To be aware about the trends and to act proactively given the macroeconomic environment,
3. To develop more efficient plans based on analyses and predictions.

"...We support the overall work of the CEA and in particular, your efforts at improving the quality of the public policy debate in Macedonia. In this regard, I would also like to express my appreciation for CEA work on the recent debate surrounding the reported decline in industrial production. I look forward to seeing the future output of CEA"
